Experiencing dementia through your senses

Thursday, February 15
10 am - 1 pm

This 3-hour workshop explores the five sensory changes associated with dementia. Through hands-on activities, participants will gain insight into how people living with dementia experience the world. **Cost \$40**

Managing your Stress as a Caregiver

Tuesday, February 27
1 pm - 4 pm

"You need to take care of yourself." This common advice for caregivers is often given but rarely taken, because we simply don't know how. This course will explore the dangers of Compassion Fatigue and Burnout, ways to prevent them, and steps to treat them when they occur. **Cost \$40**

Communication Skills Workshop

Thursday, March 1
6 pm - 9 pm

In the early stages of Alzheimer's, individuals understand about one in four of the words they hear. Given such serious language impairment, how can we communicate effectively? This 3-hour course provides participants with the tools needed to make meaningful communication a reality. **Cost \$40**
